ARE YOU READY FOR ISO/IEC 17024 CERTIFICATION?

Many certification bodies fail audits due to incomplete systems and weak documentation.

Check your readiness:

- ✓ **Do you have a structured Personnel Certification Manual?**
- ✓ **Are your certification processes aligned with ISO/IEC 17024?**
- ✓ **Are your evaluation and examination procedures clearly defined?**
- ✓ **Are certification decisions documented and controlled?**
- ✓ **Is your system fully implemented or just documented?**

⚠ If you answered “NO” to any of these, your certification process may be at risk.
